

Munich New Space Summit

Ludwig Bölkow Campus, Taufkirchen, Germany

Residenz München, Munich, Germany

15 – 17 May 2023

For the first time, experts in the field of **New Space** will meet for a conference in Munich. From 15-17 May, established companies, governmental organisations, research institutions, start-ups and investors will exchange ideas on how an entire industry can be transformed regionally, nationally and across Europe.

The exhibition during the event will take place in the **Franz-Josef-Strauß Pavilion** at the Ludwig Bölkow Campus.

The conference is organised by Munich Aerospace and supported by the *Bavarian State Ministry of Economic Affairs, Regional Development and Energy* and the *German Aerospace Industries Association (BDLI)*.

An exhibition area during the conference offers a unique opportunity for exchange and networking, especially for small and medium-sized enterprises.

Be part of it and present your company to an international audience of experts.

Included services:

- Booth size min. 3m²
- Booth equipment:
 - one table (Bistro Ø 70cm or Conference 150 x 75 cm, depending on availability)
 - if electricity connection is required, please mark with a cross (plus 50 €)
- space for 1 Roll-up (max. 1m wide)

Exhibition space can only be booked using the enclosed registration form. For visitors or exhibitors' booth personnel, please use the normal registration via homepage at the regular price.
